

## Final Multiplier Event!

A conference was held on the 28<sup>th</sup> January 2020 at Hilltop Gardens in Naxxar, Malta in order to present the projects' outputs. The event included a total of 23 attendees, who are educators from multiple education institutions and youth centres. The main activities took place in the Library Room at the Hilltop and in the Hilltop foyer. Participants gathered in the library room before being split into two groups in the foyer, in order to view resources which have been used during the Beware! World Café workshops.

At the start of the session, Juanita Muscat gave a presentation where she spoke to participants about the Beware! project and its outputs. Over the course of the presentation she went through the outputs one by one, speaking at length about what each output involved, such as the Beware! Guide, Game, and the resources used during World Café Workshops, and how participants could make use of the materials where applicable.

In the workshop organised by Juanita Muscat and Karyn Farrugia, who focused on showing the attendees all the topics which were used during the World Café workshops which included a **Photo Activity** to teach the youths what to post and what not to post, **Creating a safe Password, Fake Profiles** and how to deal with such situations, **Joking vs Cyberbullying** which highlights the difference in multiple scenarios, and **Preventing and Stopping Cyberbullying**. Additionally, the **Beware! Game** was displayed during the presentation and the workshop.

Finally, the event ended with networking lunch where attendees and organisers further discussed the importance of the project and its outputs. During the networking lunch, letters of intent were distributed among the attendees as they agreed to make use of the toolkit which the project has produced.
